# PROGRESSES OF JOURNAL EVALUATION IN CHINA

Several journal lists have been proposed to promote the research evaluation

- ❑ Ministry of Education
- ❑ Chinese Academy of Sciences /  
Chinese Academy of Social Sciences
- ❑ Peking University / Nanjing University
- ❑ Federation / Association
- ❑ Bibliographic Database Companies

# BIBLIOGRAPHIC DATABASE IN CHINA

There are three main bibliographic databases with several different foci

- ❑ China National Knowledge Infrastructure (CNKI)
- ❑ Wanfang Data Knowledge Service Platform (Wanfang )
- ❑ China Science and Technology Journal Database (VIP)

# BIBLIOGRAPHIC DATABASE IN CHINA: CNKI

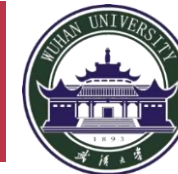

## □ Introduction

- CNKI is a key **national information construction project** under the lead of Tsinghua University, and supported by PRC Ministry of Education, PRC Ministry of Science, Propaganda Department of the Communist Party of China and PRC General Administration of Press and Publication.
- This project **was firstly launched in 1996 by Tsinghua University and Tsinghua Tongfang Company.**
- In October **2009**, CNKI unveiled the construction project of overseas digital library **together with world-famous foreign partners.**

# BIBLIOGRAPHIC DATABASE IN CHINA: CNKI

## □ Homepage

The screenshot displays the CNKI homepage with a blue header. The top navigation bar includes links for 'Old Version', 'App', 'Products &amp; Services', 'Newsroom', 'Support Center', 'Overseas Personal Service', and a language dropdown set to 'English'. There are 'Sign Up' and 'Login' buttons on the right. The main content area features a search bar with a dropdown menu currently set to 'Subject'. Below the search bar are two rows of database categories: 'Cross-database' with checked options for Journals, Theses &amp; Dissertations, Proceedings, Newspapers, Yearbooks, and Monographic Serials; and 'Single database' with unchecked options for AcademicFocus, Journal Translation Project, and eBooks. On the left, a vertical menu highlights 'Literature Search', 'Knowledge Element', and 'Citation Search'. On the right, there are links for 'Advanced Search' and 'Publication Search'. At the bottom, three main navigation buttons are visible: 'Industry Knowledge', 'Literature Databases', and 'English Resources'. A dropdown menu is open under 'Cited Subject', listing options: Cited Subject, Cited Title, Cited Keyword, Cited Abstract, Cited Author, Cited Institution, and Reference.

### Database Introduction

**Introduction:** China Academic Journals Full-text Database is the largest academic journal full-text database in the world, updated continuously. It collects over 7000 academic journals published in China, including nearly 2700 titles of core journals and journals collected by significant evaluation databases. The content covers natural science, engineering and technology, agriculture, philosophy, medicine, social science and so on. By November 1st, 2018, the total article amount is more than 54 million.

### 国内外Altmetrics研究综述

#### An Overview of Altmetrics Research

谢华玲 卡米尔·汤姆森  
中国科学院文献情报中心 美国得州理工大学图书馆

Export/References + Follow ★ Collect Print

Abstract: 新型的知识载体和交流平台日新月异,对多样化成果评价方式的需求迫在眉睫。Altmetrics为测量研究成果影响力提供了新的视角,拓展了人们对学术影响力的认知广度和深度,是传统计量学的深度发展。该研究通过文献调研与内容分析法,对Altmetrics的国内外发展趋势、研究内容与创新应用进行了综述分析。结果表明:Altmetrics为科研成果影响力评价提供了新的方法、指标和工具集,其应用越来越广泛,引起了学术界的高度关注;图书馆作为科学交流的重要组成部分,必将卷入革新的浪潮。

Abstract: Varied evaluation methods of scientific research impact are needed for the continuously changing of the knowledge carrier and communication platforms. Altmetrics provides a new perspective for measuring the influence of academic research, and expands the breadth and depth of people's knowledge of academic influence. It is the deep development of traditional bibliometrics. This paper analyzed the development trends, research contents and innovative application of Altmetrics by means of literature... [More](#)

# BIBLIOGRAPHIC DATABASE IN CHINA: WANFANG

## □ Introduction

- Wanfang Data, **an affiliate of the Chinese Ministry of Science & Technology**, provides access to a wide range of database resources, serving as a gateway to Chinese culture, medicine, business, science, engineering, etc.
- It focuses on digital resources, such as **journals, dissertations, conference proceedings, patents, standards, Chinese companies**, etc, providing information on Chinese studies (arts/humanities/social sciences), TCM (Traditional Chinese Medicine), Chinese Business, Law, Government, Defense, Military, Science, and Technology.

# BIBLIOGRAPHIC DATABASE IN CHINA: WANFANG

## □ Homepage

The screenshot shows the Wanfang Data homepage with a dark blue background. At the top left is the logo for 'Wanfang Data' (万方数据) and 'Knowledge Service Platform V2.0' (知识服务平台 V2.0). Navigation links include 'Home' (首页) and 'Community' (社区). On the right, there are links for 'Login/Registration' (登录/注册), 'Wallet' (钱包), 'Resource Navigation' (资源导航), and 'Return to Old Version' (返回旧版). A horizontal menu lists various resource types: 'All' (全部), 'Journals' (期刊), 'Degrees' (学位), 'Conferences' (会议), 'Patents' (专利), 'Tech Reports' (科技报告), 'Achievements' (成果), 'Standards' (标准), 'Regulations' (法规), 'Local Gazetteers' (地方志), 'Videos' (视频), and 'More' (更多). The main search area features the text 'Wanfang Wisdom Search' (万方智搜) and a search bar with the placeholder 'Massive resources, waiting for you to discover' (海量资源, 等你发现). To the right of the search bar are links for 'Advanced Search' (高级检索) and 'Search History' (检索历史). Below the search bar is a large graphic of a brain composed of a network of nodes and lines, with circular labels for 'Degree' (学位), 'Patent' (专利), 'Local Gazetteer' (地方志), 'Regulation' (法规), 'Journal' (期刊), 'Achievement' (成果), 'Video' (视频), 'Standard' (标准), 'Tech Report' (科技报告), 'Conference' (会议), and 'More' (更多). A text block on the left side of the brain graphic reads: 'Integrating billions of global high-quality academic resources, integrating journals, degrees, conferences, tech reports, patents, videos, and over ten other resource types, covering all research levels, perceiving user academic background, smartening your search. Wanfang Wisdom Search is dedicated to helping users precisely discover, obtain and沉淀 academic essence. Wanfang Data wishes to cooperate with partners to jointly build the foundation of knowledge services and build an academic ecosystem.' (整合数亿条全球优质学术资源, 集成期刊、学位、会议、科技报告、专利、视频等十余种资源类型, 覆盖各研究层次, 感知用户学术背景, 智慧你的搜索。万方智搜致力于帮助用户精准发现、获取与沉淀学术精华。万方数据愿与合作伙伴共同打造知识服务的基石、共建学术生态。)

## China Online Journals (COJ)

Introduction | Browse | Quick Search | Advanced Search

**China Online Journals (COJ)** provides access to 8,183 journals published in China and over 43.17 million articles, including 42.89 million full-text records (as of May 2019). Its high-quality full-text records display extensive article -related information.

**China Online Journals** includes both Chinese and English journal titles, and nearly 5% of all articles are published in English language. Users may search the database in both Chinese and English keywords.

**China Online Journals** could be the most cost-effective Chinese journal database with many user-friendly features.

The **China Online Journals** database is divided into eight subject areas:

- Philosophy, Politics, Law
- Social Sciences
- Business, Economics, Finance
- Education, Literature, Art
- Fundamental Sciences
- Engineering & Industrial Technology
- Agricultural Sciences
- Medicine & Health Sciences (including 1,293 medical journals with over 225 **EXCLUSIVE** titles)

## □ Introduction

- It is the **first institution in China to conduct research on Chinese journal database**. As a pioneer in China's database industry, the Database Research Center independently developed and launched the "**China Science and Technology Journal Database**" in 1989, becoming **China's first Chinese journal literature database and China's largest self-built Chinese literature database**.

# BIBLIOGRAPHIC DATABASE IN CHINA: VIP

## □ Homepage

The screenshot shows the homepage of the VIP (i-Conf) database. At the top, there is a navigation bar with the VIP logo and menu items: 首页 | 期刊大全 | 文献分类 | 优先出版 | 论文检测 | 论文选题 | 在线分享 | 学者空间 | 学术机构. On the right, there are links for 注册, 登录, 充值, and 客服. Below the navigation bar is a search bar with the text '文献搜索' and a search icon. The search input field contains the text '输入文献标题、期刊、作者、关键词等开始搜索...'. To the right of the search bar is a '开始搜索' button and a '机构专用版' button. Below the search bar are radio buttons for '标题/关键词', '作者', '机构', and '刊名'. To the right of the search bar are links for '高级检索' and '帮助'. The main content area features the i-Conf logo and the text 'i-Conf Global'. Below the logo are two rows of category tags: '计算机科学 / IT / 教育 / 工程 / 经济学' and '人文 / 历史 / 化学 / 生物 / 环境 / 等...'. The main heading is '网罗世界各地的顶级学术会议' (Gathering top academic conferences from all over the world). Below this is the text '汇聚各大知名出版 EI Compindex, Scopus 核心权威检索' (Gathering major publishers EI Compindex, Scopus core authoritative retrieval). There are three numbered blue boxes with white text: '1 为学者提供会议信息平台' (Provide conference information platform for scholars), '2 为会议组织者推广会议' (Promote conferences for conference organizers), and '3 发布会议信息提供平台' (Provide platform for publishing conference information). To the right of these boxes is a button that says '立即进入' (Enter immediately) followed by the URL 'http://www.iconf.org'. On the right side of the main content area, there are three overlapping screenshots of the i-Conf website interface, showing various pages like 'BIOTC 2019', 'CATEGORIES', 'HOT CONFERENCE', and 'DESCRIPTION'.

# NEW TREND OF RESEARCH EVALUATION IN CHINA

China is exploring a new science-evaluation system to better improve the S&T competitiveness

- ❑ International Publications VS Domestic Publication
- ❑ Bibliometrics Indicators VS Peer Review
- ❑ Quantity VS Impact
- ❑ .....
